## DESIGN & BUILD

The site has detailed planning consent for 102,460 sq ft of industrial and distribution space in 4 units. However our client would also consider a design and build of a single unit to suit an occupiers needs up to this size or smaller if a larger yard is required on a subject to planning pre-let which would be deliverable in 18 – 24 months. Please speak to the joint agents to discuss this option further.
